WHAT OTHER EXECUTIVES ARE SAYING ABOUT BILL:

Bill's passion is resilience, and he makes positive impacts on every business he works with regardless of their specific location. He's an elite operator with the ability to think big and speak plainly. Our business has benefitted from his help and I highly recommend him.
KEVIN CONLON, CEO, KINNECT (AUSTRALIA)

Bill's sincere desire to help others at any cost and eerily complimentary zest for living are immeasurable in a world where so many people "want" and "say", but don't "do". Bill is as genuine as they get.
BRAD DUPEE, CRO, FREECONFERENCECALL.COM (USA)

Bill is a master at strategically understanding the market and identifying customer needs, developing creative and intelligent solutions and successfully executing the plan with energy and passion.
TONY SMART, VP, TELOGIS (NORTH AMERICA)

Bill is easily the most effective visionary with whom I've had the pleasure to work. His business sense is precise, his devotion to his ethics and his people is stellar, and his ability to deliver easily ranks as a Leader in the Gartner Group's Magic Quadrants.
DAVE SCHEFFER, PRINCIPLE ARCHITECT, SABRE HOSPITALITY SOLUTIONS (USA)
